

SELECTED PLAYER SWEDEN ARRANGES

WORLD TALENT CUP

Week 30. 27-31 of July

The world's best individual technique training and top tournament during the same week.

Come and play against Team Sweden.

The top Swedish talents in floorball in your age group!

IN THE WORLD TALENT CUP, THE STARS OF TOMORROW MEET!

The World Talent Cup (WTC) is arranged by the global sports education organization **Selected Player**. For WTC the biggest talents of Swedish floorball are handpicked to form Team Sweden. In other countries players are nominated by their coaches, alternatively by a parent that send us a registration of interest, that is followed up by one of our country managers through contact with the player's regular coach or coaches. Then, with the help of country managers, we invite top players in their age group from Finland, Switzerland, Norway and Denmark who form their own National Team!

The purpose of Selected Player is to shape the floorball stars of tomorrow. Jonathan Kronstrand, one of the most merited floorball players in the world, with a total of three World Champion titles and three Swedish National titles, has developed a unique and extremely efficient training method we call **KeyTraining**. This **revolutionary technique training** will drill the players' individual skills on how to solve important match play situation.

During WTC the participants will get intensive training in two parts. The first two days we work on KeyTraining together with experienced Swedish KeyTraining instructors. Thereafter we move onto the match play part of the concept, which starts with a friendly game, with the purpose of coming together as a team. Then they get to play at least five tough matches against each other in the tournament, the World Talent Cup!

Friends for life

WTC is more than just a high-quality training and competition camp. It's also a possibility to meet players from other countries and build networks and friends for life. All these parts are invaluable for these upcoming talents now and in their future.

IMPORTANT PRACTICAL INFORMATION

Responsible coaches and leaders

Every national team will have two team leaders responsible for following the team during the whole week, on and off court. They, one head coach and one assistant coach, will also be coaching their team during cup play. We will recruit these team leaders from the respective participating countries, or they will be English speaking Swedish coaches. The KeyTraining sessions will be held by well-educated and experienced Swedish coaches. They all have great individual experience and have gone through our extensive education, which includes KeyTraining, leadership and values.

Service centre

During the camp we have an Information centre located in the IFU Arena, where you're always welcome if you have any questions or problems that need to be solved.

Medical care

For the safety of the participants, we have our own medical staff on hand to take care of any smaller injuries that might occur. We are also in contact with Uppsala Hospital and a nearby Medicare facility if necessary.

Accommodation

During WTC the players stay with their Team, in rooms with three- or four beds at the four-star Arenahotellet, which is within walking distance of IFU Arena. Breakfast is served at the hotel.

Food

Lunch, dinner and an evening meal is served at IFU Arena.

IFU Arena

This is where we hold all our sessions with the participants of our camp. KeyTraining, games, team building and theory. IFU Arena has five full size floorball courts. Four with a capacity of 500 in the audience and the main court with seating for up to 2500 spectators!
